DETAILED ACTION

Response to Amendment

1. The preliminary amendment filed on 17 June 2005 has been accepted and entered.

Allowable Subject Matter

2. Claims 1-18 allowed.
3. The following is an examiner's statement of reasons for allowance:

With respect to claim 1, Kwasnick *et al.* (6,455,855) disclose a solid-state X-ray detector (column 3, line 14, Fig. 3), comprising a photosensitive sensor (110), a scintillator (130), and an entry window (140). However, *Kwasnick* fails to further show the additional feature of a means for applying an electrical voltage between the entry window and the sensor. This modification is not disclosed or rendered obvious by the prior art of record.

With respect to claims 2-18, these claims are allowable for reasons of dependency upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
